Dear Sir:

Dr. Immanuel Benzinger has resigned his position as Professor in University College, Toronto. His resignation was accepted yesterday by the Board of Governors. Dr. Benzinger is anxious now to leave for the United States in order, if possible, to secure some position there. I shall take it as a favour if you will grant Dr. Benzinger permission to leave Canada.

Yours sincerely,

President.

Dear Sir:

Professor Benzinger told me yesterday that some difficulty has been raised about granting him liberty to leave Ontario for the United States. Dr. Benzinger is anxious to go to Princeton to live with his friend, Professor Brunnow, in the hope that there he may find opportunity for work, or may have a better chance of securing an appointment in some institution in the United States. In Toronto he cannot be in such close touch with possible openings.

Is there any further information that I can give you that would facilitate the granting of Professor Benzinger's exit? I shall be glad to do anything I can on his behalf, as he has acted in an extremely generous way, and by his voluntary resignation has removed a great deal of the trouble that of late has been causing concern to so many people.

I am,

Yours sincerely,

President.

Dear Mr. Snow:

I have to thank you for your letter, and I  
am glad to know that you have decided to give Professor  
Benzinger his exeat. Possibly Dr. Benzinger may have  
misunderstood some of the questions that were put to him  
and from that the difficulties may have arisen.

I am,

Yours sincerely,

President.
